CUBAN RESOLUTION.

May Die From Inaction on the Part of Friends.

Democrats Fear That Efforts to Force an Issue Will Fall Short of Their Aim.

WASHINGTON, Dec 16.—Leading democratic members of the house of representatives say no aggressive action is anticipated to carry out the declarations of the recent democratic house caucus on Cuba, finance and bankruptcy. The caucus action will be allowed to stand as showing the policy of the minority. It is said, however, that it would be useless to force the Cuban question before the house, as the rules would not permit the minority to bring the question to a vote. The senate Cuban resolution, which was endorsed by the caucus, reposes in the committee on foreign affairs, and there is no power under the rules to get it from the committee.

Representative Livingstone, of Georgia, has suggested that a resolution be presented directing the foreign committee to report the Cuban resolution at once. But this proceedure would be ineffective, as the resolution directing an immediate report would be referred to the committee on rules. It is not doubted that this body, representing the majority, would not act favorably on a motion of this character. All parliamentarians on the democratic side concede that it will be impossible for the minority to force an issue on Cuba. They are more hopeful of giving expression to the caucus action on finance. The majority will doubtless bring forward financial measures on the lines suggested by the president and Secretary Gage, and the democratic caucus policy will be given effect by the casting of the solid democratic vote, numbering 125, against these measures. On the bankruptcy question, it is expected that the minority will frame a bankruptcy bill calculated to meet the caucus declaration for a "wise and just" measure of this character. The bill when framed will be offered as a substitute to the one to be urged by the committee on judiciary after the holidays.

CLINTON, Ind., Dec. 16.—Train No. 3, on the Chicago and Eastern Illinois railroad, which left Chicago at 11:34 last night, ran into an extra train near here at 5 o'clock this morning. Three employes were killed and half a dozen others injured, but none of the passengers were hurt.

THE DEAD.

Engineer J. D. Rausch.
Fireman G. L. Brewer.
Fireman C. F. Deeler.

THE INJURED.

Mail Clerk W. F. Rabb.
Mail Clerk H. Cadwadler.
Express Messenger C. E. Atchley.

Both engines were badly wrecked, the baggage car was thrown down an embankment and the mail car smashed. The cause of the accident is not definitely known at present, but is supposed to have been due to the crew of the extra train overlooking the passenger train. Travel was interrupted for about six hours.

GAGE'S BILL.

The Secretary Submits It to the House Committee

And After Very Slight Change It is Laid Before the House by Chairman Walker.

WASHINGTON, Dec. 16.—Secretary Gage appeared today before the committee on banking and currency of the house of representatives to present a bill embodying his views for a revision of the currency, to explain and urge its provisions, and to meet any objections raised by the committee. The secretary was accompanied by Judge O'Connell, solicitor of the treasury. Copies of the secretary's bill were handed to members of the committee and were scanned with great interest. After being introduced to the various gentlemen of the committee, Mr. Gage began his statement, speaking in an easy, conversational manner, and following notes. He said, in opening: "The objects I have in mind in the series of provisions offered by me are four in number: First, to commit the country more thoroughly to the gold standard; remove, so far as possible, doubts and fears on that part, and thus strengthen the credit of the United States government both at home and abroad. Second, to strengthen the treasury in relation to its demand liabilities, in which are included greenbacks, treasury notes, and the incidental obligation to maintain on a parity, through interchangeability with gold, so far as may be necessary, the present large volume of silver certificates and silver dollars. Third, to do this in such a way as not to contract the volume of circulation in the hands of the people. Fourth, to take an initial step towards a system of bank note issues without the conditional deposit of public bonds as security therefor. If we prosper as a people the revenue of the government ought to be somewhat in advance of its expenditures and the public debt of the United States gradually reduced and finally extinguished. Looking at the question widely from my best point of knowledge and experience, I feel that if these could be secured the condition of the government, in its relation to the currency, would be much safer and stronger than now, and that through the operation of national bank note currency the commercial and industrial interests of the United States would be greatly advanced."

After this initial statement it was deemed advisable to read the secretary's bill in detail and discuss it section by section.

The bill was introduced in the house by Chairman Walker, of the banking and currency committee, immediately after the hearing. The bill as presented to the house is identical with the bill as submitted to the committee, save for a few changes of no especial significance, which were suggested by Mr. Walker.

Frank Roen, wire drawer, fatally injured.

Joseph Brown, engineer, arm broken.

Andrew Kozmatak, a laborer, injured about the back and head.

JAPAN'S DILEMMA.

Her Labor Market is Invaded by Coreans,

Who Work Cheaper and Better Than Do the Japanese—Chinese Also Being Crowded Out.

WASHINGTON, Dec. 16.—It is a curious fact that while Japan is making efforts to find outlets for her surplus labor by emigration, she is being threatened at home with a competion of even cheaper labor. Horace Allen, United States consul general at Seoul, has sent to the state department an extract from a native paper showing that the Corean laborers are much preferred in Japan and that considerable numbers of them are being taken there to work in the coal mines, at which they are superior to the Japanese in many respects. It has also been found that in work upon the Seoul-Chemulpo railroad, now being constructed by Americans, the Coreans are superior to the Chinese upon earthworks and the engineer in charge reported that they were quite as good as the labor in America, though they are paid only 15 cents gold per day and feed themselves.

SOLICITING COMMITTEE.

Thorough Sugar Beet Canvass Will be Made Among the Farmers.

The executive committee of the Allen County Beet Sugar association met at the city hall yesterday afternoon to appoint solicitors to conduct a personal canvass through the townships for the purpose of securing pledges of acreage. The following were appointed: St. Joe township, Peter Trier, George Ashley; Aboite, F. W. Klaehn; Wayne, W. F. Gerke; Lake, Levi Binkley; Perry, Florentine Roy; Washington, W. F. DeVilbiss; Maumee, Otto Knoblaugh. The executive committee will meet again one week from tomorrow, at 2 o'clock, in the city hall, to hear the reports from the solicitors. These gentlemen are to spend several days each in a personal canvass of their respective neighborhoods, to secure promises from farmers to raise sugar beets.

The farmers of St. Joe township are taking hold of the matter in an earnest way that speaks well for the enterprise of that section. In addition to the acreage already pledged by that township, forty-three acres more were promised yesterday.

SAN FRANCISCO, Cal., Dec. 16.—No one has yet been arrested for the murder of Mrs. Mary Clute, who was found dead in a Guerrero street flat yesterday evening. Jackson, who assisted Foley in putting down carpets in the flat, is also at liberty. There are many elements of mystery in the case, but as yet the police have not obtained any positive clue to the identity of the man who assaulted and then murdered the young married woman.

MRS. ELIZA HARPER.

Summoned Without Warning by Heart Disease.

Was Visiting Her Sister When Stricken—Death of Joseph Claude, a War Veteran.

Last evening Mrs Eliza Harper, widow of John Harper, and who resided at No. 365 West Main street, died of heart disease. The summons came without warning while she was visiting her sister, at Dunfee, Ind. J. B. Harper, the attorney, who is a son of the deceased, was notified of the sad news last night. He had the remains brought here and conveyed to the late home.

The deceased was seventy-five years old. She lived in Aboite township since 1848 until her husband's death, in 1890, when she moved to the city and took up her abode at the place mentioned, her son, Ben Harper, living with her. The children of the deceased are James B. Harper and Benjamin F. Harper, attorneys, Mrs. Lydia Harper, who is an employe of the pension office at Washington, and Mrs. E B Whittaker, wife of the station agent at New Haven.

Mrs. Harper possessed the noble traits of character that belong to true Christian womanhood. Through life she bestowed her kindnesses and charity where most needed, never losing an opportunity to shed a ray of sunshine in somebody's life. Her life has been glorified by her good works, which will stand a blessed memory, although the flame of life mortal has been extinguished.

The funeral will take place Saturday afternoon at 2 o'clock from the residence. There will be brief services. The interment will be private.

OTHER DEATHS.

Rudolph, the little son of Theodore Goertz and wife, of 68 East Pontiac street, died at 3 o'clock yesterday afternoon, aged seven months and eight days. The cause of death was bronchitis. The funeral will be held at the residence at 1:30 Friday afternoon, the Rev. H. Juengel officiating. The interment will be made in Concordia cemetery.

Joseph Claude died at Hope hospital yesterday of old age. He was eighty-three years old and lived in this city many years. Mr. Claude was a bachelor. He was a veteran of the late civil war and served fourteen years in the French army before he came to this country. When the civil war broke out he was one of the first to enlist in the company that was organized by Captain Christ. Hettler, company D, Indiana volunteer infantry. He served during the entire war. The remains were taken from the hospital to the undertaking rooms of Scheuman & Klaehn.

The funeral of the late W. B. Walter will take place Friday morning at 9 o'clock from the residence of Mrs. Augusta Viberg, 487 Harrison street, and at 9:15 from the Cathedral.

The remains of Harry L. Smyser were shipped from Needles, Cal., yesterday morning and are expected to arrive Friday evening or Saturday morning. The funeral will probably occur Sunday afternoon.

FOREFATHERS' DAY.

A Day in History to Be Commemorated Tomorrow.

The Anniversary of the Landing of the Pilgrims to Be Observed in Plymouth Church.

The landing of the Pilgrims at Plymouth Rock in December, 1620, will be commemorated by appropriate services in Plymouth Congregational church Friday evening at 7:30 o'clock. Forefathers' day stands for personal and individual character, and should ever be observed, for a nation is known by the character of the men that it honors.

It is a day of storm, but the Pilgrims landed with the written principles of the great empire of the west in their hands, for such was the compact drawn up on the Mayflower, though they did not comprehend its far reaching influence. The ocean lay cold behind them, the clouds scudded above them and white rocks and savin bushes were before them. Fever was on their track, and famine to follow after. When, in the history of mankind, did heroism for truth ever rise to such a height? What other nation was ever so begun on the heart's altar of sacrifice?

The program is under the auspices of the Brotherhood of Plymouth church, and is, in part, as follows:

Piano selection	Mrs. Baker
A Pilgrim Hymn	Chorus
Religious Characteristics of the Pilgrims	W. S. Buck
Song—"The Breaking Waves Dashed High"	Prof. Miles and Miss Holdsworth
The Pilgrims in Leyden	Rev. E. E. Frame
A Pilgrim Hymn	Chorus
The Pilgrims and Their Music	Prof. Miles
Song—"The Old Oaken Bucket"	Miss Holdsworth
A Reading—"The Pilgrim's Thanksgiving"	Paul Mossman
Hymn—"O God, Beneath Thy Guiding Hand Our Exiled Fathers Crossed the Sea"	Chorus
Address—The Pilgrims and Education	Rev. J. S. Ainslie

At the close of the exercises light refreshments will be served by the brotherhood during a social hour. The public is invited.

DISMISSED IT.

Justice France Makes a New Move in Garnishee Cases.

Foolish Litigation Until the Supreme Court Passes Upon the Law—The News of the Courts.

Wednesday a suit in garnishment was brought by Michael and Edward Gruber, west side grocers, against Richard Rhine and the Pennsylvania Railroad company. The case was tried before Justice France. The Pennsylvania company moved to dismiss the writ and this motion Justice France today sustained.

Justice France says that until the supreme court passes upon the constitutionality of the law, it is folly for litigants to spend money in suits. The circuit and superior courts of Allen county, and, indeed, in many other counties all over the state, have held the law invalid and have thrown garnishee cases out.

OTHER COURT NEWS.

Judge Dawson has granted the application of John W. Chapman for an injunction to prevent Christian Youse and others from constructing a ditch to discharge in the plaintiff's land in Jefferson township. The suit engaged the superior court several days.

The commissioners are examining the accounts and records of Dr. Carl Proegler, secretary of the county board of health. It is probable that Dr. Proegler will be reappointed the first of the year.

In the superior court Robert Lowry has sued John G. Lehr on account for $300.

Anna Lothammer has brought suit in the superior court against Jane C. Dignan, et al., to foreclose mortgage for $950.

In the circuit court Julia Murphey, administrator with the will annexed of the estate of Ellen Surfus, deceased, has sued Stephen Surfus on account for $1,200.

The suit of Mary Sauerwein vs. Lottie Sauerwein, et al., for partition of real estate, is on trial in the superior court.

Articles of incorporation of the Fort Wayne Athletic club have been filed with the secretary of state.

Mabel Miller is on trial before Justice France this afternoon charged with having committed assault and battery on the person of Lucilla Davis.

Miss Georgiella Lay, pianist of the Yaw Concert company, is recognized in the musical world as being one of Americas greatest pianists, so her opinion of the Packard Piano ought to carry weight to all intending piano purchasers as to the quality of these beautiful instruments.

FORT WAYNE, Ind., April 15, '97.
Fort Wayne Organ Co.:

GENTLEMEN:—It gives me great pleasure to testify to the good qualities of the Packard Piano. The one we used last night exhibited an excellent tone quality and a fine repeating action. It behooves the makers of old established reputation to look well to their laurels when these younger aspirants show such fine qualities. Congratulating you upon the success attained and looking for great achievments in the future of this most admirable instrument, I beg leave to remain,

Very cordially yours,
GEORGIELLA LAY,
Pianist and Accompanist Yaw Concert Company.

IT is somewhat early to agitate the project, but bear in mind that a street fair next year will be a good thing to have in Fort Wayne.

TWENTY Spanish generals are preparing a protest to President McKinley's message. They would do better to fix up some sort of a protest to being trounced so often by General Gomez and ragged army

THE extent to which the republican majority in congress is split in every direction on all the great questions presented in the president's message is a fair clue to what's going to happen next time.

NOW is the time to begin your Christmas crusade against the shops. Next week will come the rush. THE SENTINEL advertising columns will tell you where the richest attractions and choicest bargains lurk.

THE American Federation of Labor has adopted resolutions protesting against the appointment of Judge Paxson as a member of the Inter-State commerce commission. The Pennsylvania man is denounced as the inveterate foe of organized labor. The resolutions have been telegraphed to President McKinley.

MAJOR THOMAS, of Kentucky, is a child of misery. He it was who furnished the bottle of forty-five-year-old bourbon with which Miss Richardson expected to christen the battleship Kentucky. Now that bottle is lost. Its contents have probably gone the way foreordained to all Kentucky liquor and the blue grass major is plunged too deep in woe to be angry. He thinks the bottle has been "sampled" away and hints that former President Cleveland and former Naval Secretary Herbert can tell all about it. Major Thomas announces that he will furnish no more of his bourbon for "patriotic purposes."

THE Choctaw and Chickasaw Indians of Indian territory are apparently in earnest in the determination to have United States soil if satisfactory arrangements can be made with the Mexican government for the location of colonies aggregating 26,000 natives south of the Rio Grande. The white men who have long coveted the valuable lands held by the Indians will not regret their going, but the Indians themselves may make a serious mistake in taking such a step. Doubtless they have some real grievances, but in the main they are now well treated, and large numbers of them have become rich and prosperous.

A PLAN whereby a voyage across the Atlantic may be reduced will be tried next year. Advantage will be taken of the fact that the shore line of the continent projects to the east in northern Canada and thus makes the distance across to Cork, on the west coast of Ireland, much shorter than from, say, New York to Liverpool. Then again, the farther north a line is drawn around the earth the shorter it is. Encouragement is to be given to a line of steamships that will be capable of making 500 knots a day. From the east shore of Newfoundland to the west coast of Ireland the trip could be made in three days, and that is quick enough.

"THE moral atmosphere in Washington is absolutely stifling," says the Dallas, Texas, News. "Many an honest, decent fellow has gone to Washington to represent the people, only to ruin himself, mentally and physically. If the people of this country knew the inside history of their government at Washington, the manner in which legislation is manipulated by the most dangerous and corrupt influences of this age, the social and political iniquities familiar to every congressman and the debauchery which stalks abroad in every department, they would give that burg a shaking up it has not known for many a day."

SOME important truths are told by the Louisville Times in the following:

"Troubles between the window glass manufacturers and operatives at Pittsburg are as far from settlement as ever, because the manufacturers offer wages that prevailed under the McKinley tariff, while the men demand wages on a scale under the Dingley tariff, which breaks the glass record of the McKinley schedules. From a theoretical point of view the wage earners are right, but as all tariffs are for the benefit of the manufacturers practically, the men will get left and the profits will go into the pockets intended by protective tariff robbery."

UNLESS that guardian angel of distressed trusts, Mr. J. Pierpont Morgan, comes to the rescue, says the Chicago Chronicle, there is apparently some prospect that the price of typewriters may be so reduced as to put the machines within the reach of people of moderate means. The manufacturers' combination has reached a point where competition can no longer be bought off or fought off and prices must be reduced in order to meet it. The reduction cannot come too soon. The typewriter has become a necessity in nearly all lines of business. It is no longer a luxury or a mere convenience. Its price has been kept at $100 for years, in spite of the fact that the cost of manufacture is something like $15. A reduction to a reasonable figure will be a public benefit and in the end it will prove profitable to the manufacturers themselves, who will sell ten machines where they now sell one.

entertainment and dance given at Standard hall.

The program of the evening was opened with an overture by the Houlton orchestra, which was followed by a chorus by the S. of V. and L. A. S. Miss Carrie Kanne recited and the Misses Pearl and Dessie Curry sang a character duet.

The main attraction of the evening was the presentation of the play "The Three Brothers of the Thirtieth Indiana Regiment; or, A Mother's Sacrifice." The play was written and arranged by Capt. T. W. Blair. There were twenty characters in the cast and all handled their parts well. The play is well written and shows marked ability on the part of Captain Blair as a writer of war dramas.

At the conclusion of the play a dance program of fifteen numbers was enjoyed. Fifteen members of the Huntington camp were present and enjoyed the performance and ball.

The committees having the affair in charge were:

Arrangement Committee—Edwin Bricker, T. W. Blair, Ed. C. Close, Irwin Bickford and Walter Close.

Floor Committee—Charles Durbrow, Charles Crouse and Ed. C. Close.

ROYAL ARCANUM.

The members of Criterion council No. 1163, at Lima, Ohio, held an initiation and banquet in their hall, in the Mitchell block. A large number of the members were present and the following were visiting members from Howard council No. 246, of Fort Wayne: G. J. Wirth, J. W. Brown, Enoch Cox, S. P. Speece, F. S. Droto, F. Rogge, J. H. Fry, F. Seibert.

The Lima Times-Democrat, in commenting upon the affair, says: "The work was excellently done by the team from Fort Wayne. When the candidates had been made royal members, tables were spread and an elaborate banquet was served by Caterer Bowers. For an hour or more wit and humor flashed throughout the banquet hall to the delight of every one that was present. The evening was greatly enjoyed by the local members and the visiting members, who left on the 2 o'clock train this morning for their homes at Fort Wayne."

DAUGHTERS OF WORKMEN.

This lodge has planned a series of entertainments for this winter, the first of which will be held next Tuesday night in the shape of an old-time spelling match, followed by debates, games and a musical entertainment. Six applications were balloted on and accepted last Tuesday night. The box social has been postponed indefinitely. All members are requested to be present next Tuesday evening.

MUTUAL BENEFIT ASSOCIATION.

The annual election of officers of the Fort Wayne Mutual Benefit association was held last night with the following result:

President—W. A. Hall.
Vic President—T. V. Striker.
Recording Secretary—J. C. Williams.
Financial Secretary—John Harrold.
Treasurer—D. N. Williams.
Guide—J. C. Kimmel.
Inside Watch—George Crawford.
Trustees—L. S. Williams, E. P. Thomas and J. C. Kimmel.

After the election a smoker and card party were given. The first prize, a cut glass set, was won by E. P. Thomas and the consolation by August Nordine. The installation of the officers will take place on the first Wednesday in January.

DAUGHTERS OF POCAHONTAS.

Last Saturday this order elected officers for the ensuing term, resulting as follows:

Pocahontas—Mrs. M. Chandler.
Wenonah—Mrs. E. Tegtmeyer.
Powhatan—William Bairley.
Propetiss—Mrs. F. Kenna.
Keeper of Records—Mrs. C. Aiken.
Collector of Wampum—Mrs. M. H. Krauss.
Keeper of Wampum—Mrs. S. D. Engle.
Trustee—S. D. Engle.

After the election the council made final arrangements for a social to be held at their hall, corner Calhoun and Berry streets, on Monday evening, December 20, to which they invite the public. The admission, including supper, is small. The proceeds of this entertainment will go toward paying for their new piano.

Their regular meeting night being Christmas night, they will hold it Thursday, December 23, when there will be one candidate for adoption.

A. O. H.

Division No. 3 will hold its nomination of officers tonight.

Division No. 1 will elect officers the last Sunday in the month.

The Hibernian Rifles will give an entertainment in the near future, preparations for which are now in the hands of a committee.

The Hibernian Rifles nominated military and civil officers last Tuesday evening. The commissioned officers who served during the year just coming to a close, will have no opposition for re-election. The Rifles are in a flourishing condition, and the members are looking forward anxiously to the time when the company will be fully equipped.

The various A. O. H. divisions of the city are manifesting great interest in the state convention of the order to be held in this city next June. While no program has as yet been arranged for the entertainment of the delegates to the convention, a big field day at Robison park, in which base ball, football, the Irish game of hurley, in which the young Indians will endeavor to wipe out the defeat administered to them by the old-timers, at the park last summer, maneuvres by military companies, and athletic events is the outline of a program now looked upon with most favor by the members of the order. A banquet will wind up the day's festivities.

UNFORTUNATES.

Val. Weber, Henry Jordan and P. J. Cullen Injured.

More Changes at the Pennsylvania Offices—News of the Shop and Rail.

Valentine Weber, a member of the crew of Pittsburg freight train No. 91, fell from a box car at Plymouth last night and sustained severe bruises, which will disable him for a week or two. He was brought to the city on passenger train No. 38 and taken to his home on Lafayette street, where he is now resting as easily as could be expected from one in his condition. Previous to entering the railway service, Mr. Weber was employed at his trade, that of a molder, at the Bass works.

P. J. Cullen, another Pennsylvania employe, was struck in the abdomen by a portion of a push pole which broke when a car was being pushed out from a siding at the east yards onto the main track last evening. It is feared that Mr. Cullen may be injured internally; otherwise he will soon recover. The injured man is a switchman.

Another accident was that which happened to Henry Jordan, an employe of the Bass works. One of the cranes broke while lifting a heavy weight and a piece of it flew over and struck Mr. Jordan, who was standing several feet away. His injury was a bad cut on the head, which Dr. E. J. McOscar sewed together.

CHANGE IN CLERICAL FORCE

Next Monday, when Ed Reitze becomes stenographer for Supt. J. W. Hunter, the position he vacates in Captain Stoll's office will be filled by N. G. Kucher, at present stenographer in the office of Road Foreman A. H. Polhamus. The latter position will fall to John G. Wolfrum, who is now qualifying himself for its duties. The latter gentleman was employed in a similar capacity in the Pennsylvania trainmaster's office a year or two ago, but resigned to take a position with A. C. Katt.

LOCAL AND GENERAL NEWS ITEMS.

William Martin, of the store room at the electric works, is sick.

Nickel Plate Engineer James Lindsey and Fireman John S. Lee are taking a few days' rest.

John Thieme, night car inspector at the Wabash yards, is kept from his work by the illness of his wife.

Frank Wills, the Nickel Plate fireman, who had been sick for nearly two weeks, has recovered and returned to his work.

Nickel Plate train No. 2 went off a derail at Hobart last night and caused a slight wreck which required four hours to straighten out. The engine, No. 154, with Engineer James Hartigan at the throttle, a baggage and express car left the rails. The engine was slightly damaged, but no one was injured.

Representatives of the Order of Railway Sectionmen are now engaged in organizing lodges in Indiana and Ohio.

Machinist C. A. Agster, of the electric works, has resumed his shop duties after a very successful hunting expedition.

Lawrence Armbruster, watchman at the Western Gas works, has returned from a two weeks' visit with relatives in New York.

The Henry Hille mentioned yesterday in connection with police matters, is not the assistant baggagemaster of the Wabash of that name.

Conductor John Wink and Brakeman J. H. Keppler resumed work on the Nickel Plate yesterday, after a few days' absence on account of private business.

R. E. Brisdin, a brakeman, who had been visiting his parents at Toledo, has reported at the Nickel Plate offices for duty.

Engineer C. Merriett, of the Nickel Plate, has taken a week's vacation, which he will spend in visiting friends in Ohio.

William Buchanan, superintendent of motive power on the New York Central, has been in service on that road fifty years.

The Pennsylvania road has fixed upon January 8 and 27, February 16 and March 19 as the dates to run their Golden Gate excursions.

The Chicago, Burlington and Quincy officials, who were here yesterday, returned to Chicago last evening, accompanied by J. I. White, of the Bass works.

The Brotherhood of Locomotive Engineers' legislative board will convene in Columbus, Ohio, January 11, to consider legislation desired by that organization.

Andy Koonz, Lee Ballard and John Sanders, of the Pittsburg paint shop, went down to Pierceton, Ind., this morning to spend three or four days in hunting rabbits.

The Electric corporation this morning sent a 1,000-light incandescent dynamo and a lot of station material to New Iberia, La.; also a 225-light machine to the Kosciusko infirmary at Warsaw.

Indianapolis Journal: "The Monon is turning ten to fifteen car loads of Bedford stone over to the Wabash daily at Lafayette to be hauled to Fort Wayne to be used in the construction of the Allen county court house."

On account of delay in the arrival of the Nickel Plate eastern connection trains at Buffalo yesterday morning, No. 5 on that road ran in two sections last night, the second section being four hours late. Both trains had a big load of passengers.

One hundred and thirty-one railways earned in November, as computed by the financial Chronicle, $52,182,577, an increase over November, 1896, of $3,981,418. The increase for eleven months of this year with the same roads was $30,854,232.

Peter Noll, an employe of the Pittsburg paint shop, is up and about the house, but it will be a month before he will be able to resume work. The reader will remember that Mr. Noll had a shoulder bone broken by falling from the work train several days ago. Mr. Noll resides at 129 East Jefferson street.

C. F. Schultz, Charles Snyder, Peter Merz, Henry F. Moore, Frederick H. Hirst, Ed Seitz and J. D. Lewis, all machinists, took positions in the night force at the electric works yesterday. Mr. Hirst was formerly the foreman at the factory of the Western Gas Construction company, which is only partly in operation at present.

Holman & Co., the contractors, were the successful bidders for the erection of the Barthold buildings on Calhoun street. Work of clearing the ground for the foundation will commence next Monday. The building site is now occupied by Kalbacher's feed store, which will be moved to other quarters until the new store house is ready for occupancy, when it will be moved therein.

A defective coupling knuckle was the cause of the wrecking of a coal car at the docks in the Nickel Plate yards yesterday. A string of loaded cars was being pushed upon the dock and the front one becoming detached from the others, failed to stop at the bidding of the engineer and ran off the end of the elevated track and was badly broken. It had aboard twenty-five tons of coal, which was spilled out upon the ground.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

CHARITY OPERA.

"Egypta" Will Abound in Fine Scenic Effects and Good Music.

Egypt is the unknown wonder of the world. The pyramids and sphinx still stand to taunt this enlightened age which knows no means by which they could be duplicated. It is not strange then that in this later day we sing of that country that lies buried under the dust of ages.

The beautiful story of the Israelites in captivity, the dramatic interests surrounding the eventful life of Moses; incidents that have come down through so many years yet not of sufficient importance to the great Rameses as to cause a single stroke of the chisel that cut the record of his greatness on the rocks that tell the history of his wonderful reign), are happily told in the opera "Egypta." The libretto has fine scenic effects, the music is most artistically arranged, the scenery is realistic and grand beyond description, while in every movement there is present the glittering display of the gold and silver trappings of royalty or the sombre shadow of the oppressed.

Fort Wayne's talented musicians have the ability to bring out all the beauties of the score.

Out into the Darkness.

What mother would turn her young daughter out alone unprotected into the stormy night? Yet many loving mothers allow their daughters, who are just coming into the time of womanhood, to proceed without proper care and advice all unprotected and alone into the perils of this critical period.

Young women at this time often suffer from irregularity and weakness which may afterwards develop into dangerous disease and fill their whole lives with wretchedness.

It is a mother's duty not to pass over such matters in silence, but to promote her daughter's womanly health and regularity by every reasonable means.

These delicate ailments are easily overcome in their early stages by judicious self-treatment without any need of the obnoxious examinations which doctors uniformly insist upon. Dr. Pierce's Favorite Prescription is a positive specific for all diseases of the feminine organism.

It restores perfect health and regularity to the special functions, and vital vigor to the nerve-centres. It is the only medicine of its kind devised for this one purpose by an educated, experienced physician.

During nearly 30 years as chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., Dr. Pierce has acquired an enviable reputation. His medicines are everywhere recognized as standard remedies. His "Golden Medical Discovery" alternated with the "Favorite Prescription" constitutes a thorough and scientific course of treatment for weak and impoverished conditions of the blood.

A headache is a symptom of constipation. Dr. Pierce's Pleasant Pellets cure constipation, promptly and permanently. They do not gripe. Druggists sell them.

A Word to Railroad Men....

We have always had the larger share of the trade of Fort Wayne railroad men. There is no better trade in the city. You buy nice goods and you pay promptly, just as you promise.

Ours is a cash store. If it was not we could not sell goods so fearfully cheap as we are doing. We expect people of means will always prefer to pay cash.

But sometimes a railroad man needs just a little time on part of his purchase. If you do come and see us, we would rather accommodate you a little than have you compelled to go elsewhere and pay fifty per cent. more for your goods.

Come yourself and send your friends to us.

CUBAN RESOLUTION.

May Die From Inaction on the Part of Friends.

Democratic Vote Was Given in Favor of Issue With Full Share of Their Aid.

WASHINGTON, Dec. 15.—Leading democratic members of the house of representatives say no aggressive action is anticipated to carry out the declarations of the recent democratic house caucus on Cuba, finance and bankruptcy. The caucus action will be allowed to stand as showing the policy of the minority. It is said, however, that it would be useless to force the Cuban question before the house, as the rules would not permit the minority to bring the question to a vote. The senate Cuban resolution, which was endorsed by the caucus, reposes in the committee on foreign affairs, and there is no power under the rules to get it from the committee.

Representative Livingston, of Georgia, has suggested that a resolution be presented directing the foreign committee to report the Cuban resolution at once. But this proceedure would be ineffective, as the resolution directing an immediate report would be referred to the committee on rules. It is not doubted that this body, representing the majority, would not act favorably on a motion of this character. All parliamentarians on the democratic side concede that it will be impossible for the minority to force an issue on Cuba. They are more hopeful of giving expression to the caucus action on finance. The majority will doubtless bring forward financial measures on the lines suggested by the president and Secretary Gage, and the democratic caucus policy will be given effect by the enacting of the solid democratic vote, numbering 125, against those measures. On the bankruptcy question, it is expected that the minority will frame a bankruptcy bill calculated to meet the reverse declaration for a "raise and just" measure of this character. The bill when framed will be offered as a substitute to the one to be urged by the committee on judiciary after the holidays.

BAD SMASH-UP.

Trains Run Together With Fearful Results.

Three Engineers Killed Outright, Another Will Die and Many Others Are Badly Hurt.

CLYDE, Ind., Dec. 16.—Train No. 3, on the Chicago and Eastern Illinois railroad, which left Chicago at 11:34 last night, ran into an extra train near here at 5 o'clock this morning. Three employes were killed and half a dozen others injured, but none of the passengers were hurt.

THE DEAD.

Engineer J. D. Rausch.
Fireman G. L. Brewer.
Fireman C. F. Dreher.

THE INJURED.

Engineer G. Foster.
Mail Clerk W. F. Rabb.
Mail Clerk H. Cadwaller.
Express Messenger C. E. Atchley.

Both engines were badly wrecked, the baggage car was thrown down an embankment and the mail car smashed. The cause of the accident is not definitely known at present, but is supposed to have been due to the crew of the extra train overlooking the passenger train. Travel was interrupted for about six hours.

GAGE'S BILL.

The Secretary Submits It to the House Committee

And After Very Slight Change It Is Laid Before the House by Chairman Walker.

WASHINGTON, Dec. 15.—Secretary Gage appeared today before the committee on banking and currency of the house of representatives to present a bill embodying his views for a revision of the currency, to explain and urge its provisions, and to meet any objections raised by the committee. The secretary was accompanied by Judge William Hepburn Hunt, of the treasury. Copies of the secretary's bill were handed to members of the committee and were scanned with great interest. After being introduced to the various gentlemen of the committee, Mr Gage began his statement, speaking in an easy, conversational manner, and following notes. He said, in opening: "The objects I have in mind in the series of provisions of bond he has are four in number. First, to commit the country more thoroughly to the gold standard; remove, so far as possible, doubts and fears on that part, and thus strengthen the credit of the United States government both at home and abroad. Second, to strengthen the treasury in relation to its demand liabilities, in which are included greenbacks, treasury notes, and the incidental obligation to maintain on a parity, through interchangeability with gold, so far as may be necessary, the present large volume of silver certificates and silver dollars. Third, to do this in such a way as not to contract the volume of circulation in the hands of the people. Fourth, to take an initial step towards a system of bank note issues without the [illegible]

as security therefor. If we prosper as a people the revenues of the government ought to be somewhat in advance of its expenditures and the public debt of the United States gradually reduced and finally extinguished. Looking at the question widely from my best point of knowledge and experience, I feel that if these could be secured the condition of the government, in its relation to the currency, would be much safer and stronger than now, and that through the operation of national bank note currency the commercial and industrial interests of the United States would be greatly advanced."

After this initial statement it was deemed advisable to read the secretary's bill in detail and discuss it section by section.

The bill was introduced in the house by Chairman Walker, of the banking and currency committee, immediately after the hearing. The bill as presented to the house is identical with the bill as submitted to the committee, save for a few changes of no especial significance, which were suggested by Mr. Walker.

One Man Killed, Another Fatally Injured and Several Others More or Less Seriously Hurt.

PITTSBURG, Pa., Dec. 15.—One man was killed, one fatally injured, and a number of others slightly hurt by the bursting of a fly wheel at the South Third street plant of the Oliver iron and steel company, at an early hour this morning. The names are:

Adam Brodrick, wire drawer, aged 30 years, killed instantly.

Frank Keen, wire drawer, fatally injured.

Joseph Brown, engineer, arm broken.

Andrew Kocmatak, a laborer, injured about the back and head.

The others who were injured were able to go to their homes. The accident was caused by the engine becoming ungovernable. The fly wheel was fifteen feet in diameter, and weighed several tons. The engine was completely wrecked, and the mill will be idle until the damage can be repaired.

JAPAN'S DILEMMA.

How Labor Market Is Invaded by Coreans.

Who Work Cheaper and Better Than the Japanese—Chinese Also Coming Into Competition.

WASHINGTON, Dec. 16.—It is a curious fact that while Japan is making efforts to find outlets for her surplus labor by emigration, she is being threatened at home with a competition of even cheaper labor. Horace Allen, United States consul general at Seoul, has sent to the state department an extract from a native paper showing that the Corean laborers are much preferred in Japan and that considerable numbers of them are being taken there to work in the coal mines, in which they are superior to the Japanese in many respects. It has also been found that in work upon the broad-Chemulpo railroad, now being constructed by Americans, the Coreans are superior to the Chinese upon earthworks and the engineer in charge reported that they were quite as good as the laborers in America, though they are paid only 15 cents gold per day and feed themselves.

SOLICITING COMMITTEE.

Thorough Sugar Beet Canvass Will be Made Among the Farmers.

The executive committee of the Allen County Beet Sugar association met at the city hall yesterday afternoon to appoint solicitors to conduct a personal canvass through the townships for the purpose of securing pledges of acreage. The following were appointed: St. Joe township, Peter Tyner, George Ashley; Aboite, F. W. Klasbo; Wayne, W. F. Goeke; Lake, Levi Buckley; Perry, Florentine Eley; Washington, W. F. DeVilliers; Maumee, Otto Knobbaugh. The executive committee will meet again one week from tomorrow, at 2 o'clock, in the city hall, to hear the reports from the solicitors. These gentlemen are to spend several days each in a personal canvass of their respective neighborhoods, to secure promises from farmers to raise sugar beets.

The farmers in Lake township are taking hold of the matter in an earnest way that speaks well for the enterprise of that section. In addition to the acreage already pledged by that township, forty-three acres more were promised yesterday.

STILL HAS HOPE

Governor Declares He Will Never Be Hanged.

SAN FRANCISCO, Dec. 16.—Theodore Durrant, in an interview, says: "I will never be hanged. I know that help is coming every week, as it has always come to me before, in my extremity."

This statement has caused a revival of the often expressed opinion that when executed his last hope was gone, he would commit suicide if possible.

NO ONE ARRESTED.

Man From Ohio Follows Clue Fixed on Him by Mrs. Clute.

SAN FRANCISCO, Cal., Dec. 16.—No one has yet been arrested for the murder of Mrs. Mary Clute, who was found dead in a fire-wrecked flat yesterday evening. Carpet Layer Foley, who was in the house with her a short time before the tragedy, has told his story to the police and has been allowed to go free. Harry A. Jackson, who assisted Foley in putting down carpets in the flat, is also at liberty. There are many elements of mystery in the case, but as yet the police have not obtained any positive clue to the identity of the man who assaulted and then murdered the young married woman.

MRS. ELIZA HARPER.

Summoned Without Warning by Heart Disease.

Was Visiting Her Sister When Stricken—Death of Joseph Chaple a Week Previous.

Last evening Mrs. Eliza Harper, widow of John Harper, and who resided at No. 852 West Main street, died of heart disease. The summons came without warning while she was visiting her sister at Leo, Ind. J. B. Harper, one of Harper, who is a son of the deceased, was notified of the sad news last night. He had the remains brought here on the evening train.

The deceased was seventy-five years old. She lived on Aboite township since 1845 until her husband's death, in 1880, when she moved to the city and took up her abode at the place mentioned, her son, Ben Harper, living with her. The children of the deceased are James B. Harper and Benjamin F. Harper, attorneys, Mrs. Lydia Harper, who is an employe of the pension office at Washington, and Mrs. E. B. Whitaker, wife of the station agent at New Haven.

Mrs. Harper possessed the noble traits of character that belong to true Christian womanhood. Through [illegible] she bestowed her kindnesses and charity where most needed, never losing an opportunity to shed a ray of sunshine in some body's life. Her life has been glorified by her good works, which will stand a blessed memory, although the flame of life mortal has been extinguished.

The funeral will take place Saturday afternoon at 2 o'clock from the residence. There will be brief services. The interment will be private.

Rudolph, the little son of Theodore Goertz and wife, of 65 East Pontiac street, died at 5 o'clock yesterday afternoon, aged seven months and eight days. The cause of death was bronchitis. When the civil war broke out he was one of the first to enlist in the company that was organized by Captain Christ Hettler, company D, Indiana volunteer infantry. He served during the entire war. The remains were taken from the hospital to the undertaking rooms of Schesman & Klaehn.

FOREFATHERS' DAY.

A Day in History to Be Commemorated Tomorrow.

The Anniversary of the Landing of the Pilgrims to Be Observed in Plymouth Church.

The landing of the Pilgrims at Plymouth Rock in December, 1620, will be commemorated by appropriate services in Plymouth Congregational church Friday evening at 7:30 o'clock. Forefathers' day stands for personal and individual character, and should ever be observed for a nation is known by the character of the men that it honors.

It is a day of storm, but the Pilgrims landed with the written principles of the great empire of the west in their hands, for such was the compact drawn up on the Mayflower though they did not comprehend to far reaching influence. The ocean lay cold behind them, the clouds huddled above them and white rocks and savin bushes were before them. Fever was on their track, and famine to follow after. What, in the history of mankind, did heroism for truth ever rise to such a height? What other nation was ever so begun on the hearth altar of sacrifice?

The program is under the auspices of the Brotherhood of Plymouth church, and is in part, as follows:

DISMISSED IT.

Justice France Makes a New Move in Garnishee Cases.

Pennsylvania Litigation Until the Supreme Court Passes Upon the Law—The Sons of the Courts.

Wednesday a suit in garnishment was brought by Michael and Edward Gruber west side grocers, against Richard Rhine and the Pennsylvania Railroad company. The case was tried before Justice France. The Pennsylvania company moved to dismiss the writ and this motion Justice France today sustained.

Justice France says that until the supreme court passes upon the constitutionality of the law, it is folly for litigants to spend money in suits. The circuit and superior courts of Allen county, and, indeed, in many other counties all over the state, have held the law invalid and have thrown garnishee cases out.

COURT NEWS.

Judge Dawson has granted the application of John W. Chapman for an injunction to prevent Christian Yeane and others from constructing a ditch to discharge in the plaintiff's land in Jefferson township. The suit engaged the superior court several days.

The commissioners are examining the accounts and records of Dr. Carl Dougler, secretary of the county board of health. It is probable that Dr. Dougler will be reappointed the first of the year.

In the superior court Robert Lowry has sued John G. Lehr on account for $500.

Anna Lothammer has brought suit in the superior court against Jane C. Parman, et al., to foreclose mortgage for $850.

In the circuit court John Marpley, administrator with the will annexed of the estate of Ellen Surfus, deceased, has sued Stephen Surfus on account for $1,300.

The suit of Mary Sauerwein vs. Lottie Sauerwein, et al., for partition of real estate, is on trial in the superior court.

Articles of incorporation of the Fort Wayne Athletic club have been filed with the secretary of state.

Mabel Miller is on trial before Justice France this afternoon charged with having committed assault and battery on the person of Lucilla Davis.

Masonic Temple—Attractions for the week

Saturday, Dec. 18—Kirke La Shelle's comic opera production, "The Wizard of the Nile."

It is now what early to agitate the project, but bear in mind that a street fair next year will be a good thing to have in Fort Wayne.

Twenty Spanish generals are protesting a protest to President McKinley's message. They would do better to fit up some sort of a protest to being trounced so often by General Gomez and ragged army.

The extent to which the republican majority in congress is split in every direction on all the great questions presented in the president's message is a fair clue to what's going to happen next time.

Now is the time to begin your Christmas crusade against the shops. Next week will come the rush. The newspaper advertising columns will tell you where the richest attractions and choicest bargains lurk.

The American Federation of Labor has adopted resolutions protesting against the appointment of Judge Paxson as a member of the Inter-State commerce commission. The Pennsylvania man is denounced as the mouthpiece for of organized Labor. The resolution to have been telegraphed to President McKinley.

Major Thomas of Kentucky, is a child of misery. He it was who furnished the bottle of forty-five year old bourbon with which Miss Richardson expected to christen the battleship Kentucky. Now that bottle is lost. Its contents have probably gone the way forecasted

Full Kentucky liquor and the Major grows majors plunged too deep in wine to be eager. He thinks the bottle has been sampled away and hints that former President Cleveland and former Naval secretary Herbert can tell all about it. Major Thomas announces that he will furnish no more of the bourbon for patriotic purposes.

The Choctaw and Chickasaw Indians of Indian territory are apparently in earnest in the determination to leave United States soil if satisfactory arrangements can be made with the Mexican government for the location of colonies aggregating 20,000 natives south of the Rio Grande. The white men who have long coveted the valuable lands held by the Indians will not regret their going, but the Indians themselves may make a serious mistake in taking such a step. Isolation they have some real grievances, but in the main they are now well treated, and large numbers of them have become rich and prosperous.

A plan whereby a voyage across the Atlantic may be reduced will be tried next year. A tramage will be taken of the fact that the shortest line of the continent projects to the east in northern Canada and thus makes the distance across to Ireland, on the west coast of Ireland much shorter than from, say, New York to Liverpool. Then again, the farther north a line is drawn around the earth the shorter it is. Every steamship that will be capable of making 500 knots a day. From the east shore of Newfoundland to the west coast of Ireland the trip could be made in three days, and that is quick enough.

"The social atmosphere in Washington is absolutely stifling," says the Dallas, Texas, News. "Many an honest, decent fellow has gone to Washington to represent the people, only to ruin himself, morally and physically. If the people of this country knew the inside history of their government at Washington, the manner in which legislation is manipulated by the most dangerous and corrupt influences of the age, the social and political intrigues familiar to every congressman and the debauchery which stalks abroad in every department, they would give that burg a shaking up it has not known for many a day."

Is not important truths are told by the Louisville Times in the following:

"Troubles between the window glass manufacturers and operatives at Pittsburg are as far from settlement as ever, because the manufacturers offer wages that prevailed under the McKinley tariff, while the men demand wages on a scale under the Dingley tariff, which lowers the glass record of the McKinley schedules. From a theoretical point of view the wage earners are right, but as all tariffs are for the benefit of the manufacturers practically, the men will get left and the profits will go into the pockets intended by protective tariff robbery."

Unless that guardian angel of distressed fraus, Mr. J. Pierpont Morgan, comes to the rescue, says the Chicago Chronicle, there is apparently some prospect that the price of typewriters may be so increased as to put the machines within the reach of people of moderate means. The manufacturers' combination has reached a point where competition can no longer be bought off or fought off and prices must be reduced in order to meet it. The reduction cannot come too soon. The typewriter has become a necessity in nearly all lines of business. It is no longer a luxury or a mere convenience. Its price has been kept at a high for years in spite of the fact that the cost of manufacture is something like $15. A reduction to a reasonable figure will be a public benefit and in the end it will prove profitable to the manufacturers themselves, who will sell ten machines where they now sell one.

AMONG THE LODGES.

[illegible] entertainment and dance given at Standard hall.

The program of the evening was opened with an overture by the Hoagy orchestra, which was followed by a chorus by the Misses Carrie Kanger and the Misses Pearl and Dessie Curry sang a character duet.

The main attraction of the evening was the presentation of the play "The Three Brothers of the Third, or Indiana Regiment, or A Maid's Sacrifice." The play was written and arranged by Capt. T. W. Blair. There were twenty characters in the cast and all handled their parts well. The piece is well written and shows marked ability on the part of Captain Blair as a writer of war dramas.

At the conclusion of the play a dance program of fifteen numbers was rendered. Fifteen members of the Huntington camp were present and enjoyed the performance and the dance.

The committee having the affair in charge were:

Arrangement Committee—Edson Bowker, T. W. Blair, Ed. C. Shoaff, Irwin Bickel and Walter Close.

Rogge, J. H. Frederick, J. Seifert.

The Lima Times-Democrat, in commenting upon the affair says: "The work was excellently done by the team from Fort Wayne. When the candidates had been made royal members, tables were spread and an elaborate banquet was served by caterer Bowers. For an hour or more wit and humor flashed throughout the banquet hall to the delight of every one that was present. The evening was greatly enjoyed by the local members and the visiting members, who left on the 2 o'clock train this morning for their homes at Fort Wayne."

UNFORTUNATES.

Val. Weber, Henry Jordan and P. J. Cullen Injured.

Many Changes at the Pennsylvania Offices—Notes of the Shop and Rail.

Valentine Weber, a member of the crew of Pittsburg freight train No. 91, fell from a box car at 17th month last night and sustained severe bruises, which will disable him for a week or two. He was brought to the city on passenger train No. 36 and taken to his home on Lafayette street, where he is now resting as easily as could be expected from one in his condition. Previous to entering the railway service, Mr. Weber was employed at his trade, that of a molder, at the Root works.

P. J. Cullen, another Pennsylvania employee, was struck in the abdomen by a portion of a push pole which broke when a car was being pushed out from a siding at the east yards onto the main track last evening. It is feared that Mr. Cullen may be injured internally, otherwise he will soon recover. The injured man is a switchman.

Another accident was that which happened to Henry Jordan, an employee of the Base works. One of the cranes broke while lifting a heavy weight and a piece of it flew over and struck Mr. Jordan, who was standing several feet away. His injury was a bad cut on the head, which Dr. L. J. Mosear sewed together.

CHANGES IN CLERICAL FORCE.

Next Monday, when Ed Reuter has resumed stenographer for Supt. J. W. Hunter, the position he vacates in Captain Stoll's office will be filled by N. G. Kircher, at present stenographer in the office of Road Foreman A. H. Williamson. The latter position will fall to John H. Wolfram, who is now qualifying himself for its duties. The latter gentleman was employed in a similar capacity in the Pennsylvania train master's office a year or two ago, but resigned to take a position with A. C. Katt.

Peter Noll, an employe of the Pittsburg paint shop, is up and about the house, but it will be a month before he will be able to resume work. The reader will remember that Mr. Noll had a shoulder bone broken by falling from the work train several days ago. Mr. Noll resides at 129 East Jefferson street.

C. F. Schultz, Charles Snyder, Peter Merz, Henry F. Moyer, Fredrick H. Hirst, Eli Seits and J. D. Lewis, all machinists, took positions in the night force at the electric works yesterday. Holman & Co., the contractors, were the successful bidders for the erection of the Barthold buildings on Calhoun street. Work of clearing the ground for the foundation will commence next Monday. The building site is now occupied by Kalbacher's feed store, which will be moved to other quarters until the new store house is ready for occupancy, when it will be moved thereto.

A defective coupling link like was the cause of the wrecking of a coal car at the docks in the Nickel Plate yards yesterday. A string of loaded cars was being pushed upon the dock and the front one becoming detached from the others, failed to stop at the bidding of the engineer and ran off the end of the elevated track and was badly broken. It had about twenty tons of coal, which was spilled out upon the ground.

CHARITY OPERA.

"Aegypt" Will Shortly Be Given at Masonic Temple.

Egypt is the unknown wonder of the world. The pyramids and sphinx still stand to rayse this enlightened age which knows no means by which they could be duplicated. It is not strange then that in this later day an song of that country that lies buried under the dust of ages.

The beautiful story of the Israelites in captivity, the dramatic interests surrounding the eventful life of Moses; incidents that have come down through so many years yet not of sufficient importance to the great Ramesses to become a single stroke of the chisel that cut the record of his greatness on the rocks that tell the history of his wonderful reign, are happily told in the opera "Aegypta." The libretto has fine scenic effects, the music is most artistically arranged, the scenery is realistic and grand beyond description, while in every movement there is present the glittering display of the gold and silver trappings of royalty or the sombre shadow of the oppressed.

Fort Wayne's talented musicians have the ability to bring out all the beauties of the score.

A Word to Railroad Men....

We have always had the largest share of the trade of Fort Wayne railroad men. There is no better trade in the city. You buy your goods and you pay promptly, just as you please.

There is a cash store. If it was not we could not sell goods so fearfully cheap as we are doing. We expect people of means will always prefer to pay cash.

But sometimes a railroad man needs just a little time on part of his purchase. If you do come and see us, we would rather accommodate you a little than have you compelled to go elsewhere and pay fifty per cent more for your goods.

Come yourself and send your friends to us.

Out into the Darkness.

While mother is out, little her young daughters and nearly all the servants are invited into the nursery, a girl's 16 years young, to attend to their daughters, who are just coming down with the measles. Of course, all precautions are taken to prevent the children from coming in contact with the germs of the disease, but still the virus is there, and the whole house is infected with it.

Even a mother's duty not to pass over such an occasion in silence but to persuade her daughters to consult their health and regularity by every means at hand.

These delicate ailments are easily overcome or made nearly impossible by following the example of thousands of others who have used Dr. Pierce's Favorite Prescription without any word of the failure. Every ingredient which doctors unanimously use of, and in Dr. Pierce's Favorite Prescription is a positive specific for all diseases of the feminine organism.

It promotes perfect health and regularity in the special functions, and vital vigor to the nerve centres. It is the only medicine of its kind devised for this one purpose by a regularly graduated physician.

During nearly 30 years as chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. Pierce has acquired an enviable reputation. His medicines are extensively employed and all of world-wide fame. His "Golden Medical Discovery," aforesaid, with the "Favorite Prescription" constitutes a thorough and scientific course of treatment for weak and impoverished conditions of the blood.

A booklet on symptoms of constipation, Dr. Pierce's Pleasant Pellets, sent on receipt of two cents, postage, prompt and permanently. They do not gripe. Druggists sell them.
